DRUGGED AND ROBBED. Thieves Secure \$18 From the Residence of

Some time during Friday night burglars

ered the residence of Mr. D. A. Brown, No. 68 East Clay street, and succeed-

of in obtaining between \$17\$ and \$18.

The house was entered through one of the windows opening into the front parior. In that room the thieves found a little purse containing eleven cents. a Christmas gift to one of the children. They carried off the money, but left the purse. From the parlor the robbers ascended the steps and out upon the back porch where they raised one of the windows and stepped into the bed chamber. Mr. and Mrs. Brown doubtless were drugged, for the noise did not arouse either of them. The burglars lit the gas and left it burning when they went out. All the money to be found was stolen. Mr. Brown had some seven or eight dollars in the pockets of his pants and Mrs. Brown had two five-dollar gold pieces in the room.

When Mr. Brown arose yesterday morning he felt dizzy and he is confident that he was drugged. He is easily awakened and it would have been impossible for him to have slept while the thieves operated in the full light of the gas in his room. Both windows that were raised were securely fastered last night. The catches were doubtless removed by wires. The robbery was evidently done by experts at the business. No trace has yet been found of the thieves.

THE NEWPORT NEWS SHIPYARD. Work on the New Battle-Ships Will be

Commenced at Once.

Superintendent N. M. Smith, of the Newport News ship-yard, in an interview with the Commercial of that city, says:

"We will probably ret the plans for the vessels in about thirty days," said Mr. Smith, and work on them will be commenced at once.

No time will be lost in getting ready for the work proper. The ways and all the preparatory work will be started without delay, and the necessary material ordered as early as possible. In four months the vessels will be well under way. When asked about the length of time that it would take to complete the ships, Mr. Smith said that he expected to put them through in about three years if there was no material change in the plans as they stand now.

The yard has received an order from the Pensacoin Pilot Association for a pilot boat to cost about \$50,000. It will be one of the finest versels of its class affoat. It will not be as large as the Estelle, which was built here. It will be finished in oak, have steam windlasses, electric lights, and, in fact, will be modern throughout.

Mr. John H. Mayer, well known in Richmond from his connection with the Old Dominion Steamship Company and the Virginia Navigation Company as purser, is now purser of the Steamship City of Washington, of the New York and Caba Mail Steamship Company.

A letter from him to a friend in Richmond came yesterday from Tampleo. Mexico, and said he was lying off about ten miles from Tampleo, in a severe norther, hove to, which might keep the stip out of port for two or three days, but later in a postscript he added the intelligence that the weather is lovely and warm: that all hands go gloot in their shirt sleeves, and hands go about in their shirt sleeves, and flowers are blooming, orange trees breaking down with fruit, and a generally delightful tropical atmosphere over all. He wishes all his friends a merry Christmas and a happy New Year.

Once Lived in Bickmond.

An interesting fact in connection with the famous Schomburgk line, which has escaped observation, says the New York Sun, is that the man who provided the British Government with that boundary came to this country from Germany when he was twenty-two years old, after work-ing for some time as a clerk in Boston and Philadelphia, became a partner in a and Philadelphia, became a partner in a Richmond, Va., tobacco manufactory in 1828. The factory was burned and Schomburgk drifted to the West Indies, where, after unsuccessful ventures, his botanical work attracted the attention of the London Geographical Society, and he secured means to explore the unknown re-gion of the Orinoco.

Entertainment at Soldiers' Home.

A pleasant entertainment was given last night in the chapel of the Soldiers' Home by the Christian Endedvor Society of Grace-Street Presbyterian church, as a treat to the old soldiers and friends of the Home. The main feature of the affair were stereopticon views by Mr. A. B. Clark.
